Let Your Life Shine

LANCASTER | LYCOMING | LEBANON

*When a loved one can stay in their home,
be safe and fulfilled, there's nothing better.*

A little support can go a very long way.

We understand how difficult it can be when you're helping take care of a loved one. You may be working and also have other family members that rely on you. Seniors who still live in their own home or with family members often need extra healthcare support, socialization and attention throughout the day. And that's where we can be an extension of you with a full spectrum of comprehensive support services to make your life less stressful and your loved one's life more fulfilled.

A healthcare center where seniors thrive while safely living in their homes.

We safely transport your loved one to and from the Albright Life Center

Participants engage in social and cognitive activities

Our expert team assesses how your loved one is doing medically and ensures they receive a full nutritious lunch

We transport each participant back home, walk them in and make sure they have safe accommodations at home with loved ones or on their own

Participants typically spend an average of 2-3 days per week at the center where they receive coordinated and comprehensive attention

Each Albright LIFE location is a devoted care center where loved ones are offered exceptional supportive services to help them stay healthy and safely live independently at home. Participants are transported by professionals to the centers where a team of passionate therapists and clinicians await to assess each individual's needs and encourage socialization – all in a warm, inviting and positive setting. An alternative to nursing or home health, Albright LIFE Centers provide much more than a traditional adult day care and take a collaborative approach to elevate the quality of life for seniors.

Participants often find a love of doing something new and are surrounded by loving companions.

The daily support caregivers need. The attention loved ones deserve.

- Transportation door through door
- Nutritious home-style lunches served at the center daily
